

Travel Work for Ms. Casady's Students

We know traveling is full of rich learning experiences, so we keep travel work as simple as possible. Please have your child gather the below items as soon as possible before your trip. All travel work is due 5 days after your return, so students do not fall behind.

Language Arts: Get your reading and writing assignments from Ms. Casady. You'll also need to read 20 minutes a day during your trip.

Math: Complete any math pages you'll miss. Please make sure an adult double-checks your work. Turn in completed work within five days of being back!

Explorations: Don't forget to check with your exploration teachers to see if there is work you need to complete during your trip!

Have FUN on your adventure!
